My signature on this form authorizes the above listed handler to relay information on the processing plant where my milk is being delivered. DPA may request this information at any time to purchase product from the processor.

Under Dairy Pricing Association (DPA) bylaws your 10 cents per cwt contribution is considered your membership dues. The dues cannot be raised without a majority vote of the membership. The producer can terminate this check off at any time.

This agreement gives DPA permission to use your money to purchase dairy products from plants other than the one you are shipping to in the event they do not have the needed product, the price is too high, or location of their product makes transportation a problem.

**Application may be mailed or faxed to:**
