MORE INFORMATION ON THE BACK ↗

The DPA is a 501C5, which is a not for profit organization. Your accountant/tax preparer can advise you as to the tax status of your donation.

5 Cent Assessment will be used for the following operating expenses:

- Wages
- Phone & Fax services
- Internet services
- Offices supplies
- Postage
- Education of farmers & consumers about the taste & health benefits of fortified bottled milk & the economic & health benefits of real dairy products. This will be accomplished through radio, mailings, in-store flyers, newspapers, etc.
- Help dairy plants offset the cost of fortifying bottled milk so it can compete in price at the retail level.
- Although the 5 cent assessment cannot be deposited into the DPA milk commodity bank account to be used to buy dairy products, it will help DPA buy more dairy products for humanitarian needs because DPA will not be using the milk commodity bank account to pay for the operating expenses listed above.
